

 Made in Brazil

BEAUTY CARE

2020

We have more than 120 years of trading and have been manufacturing nail and cuticle nippers in Brazil since the 1950's. As a long experienced and well established manufacturer our products comply with all international as well as domestic standards.

Currently we offer more than 30 models of nippers in many different designs, colours and finishes. These quality Brazilian made products have achieved international recognition throughout the world and aim to match beauty and practicality with sophisticated and modern technology.

It is our policy to focus on providing a good service offering our customers products exclusively developed to assist achieving beauty, health and good living.

NEW LAYOUT,
NEW PACKAGING,
NEW POSITIONING!

The updated modern packaging design emphasises our products for indoor display. The colours represent our traditions, accentuate our quality and bring out our identity as worldwide leaders in this field.

The new packaging is the safest ever. The double blister design prevents theft and protects against accidents making the product ideal for store display. It also prevents damage in transit and makes the ideal presentation piece.

722-PR

PROFESSIONAL
PREMIUM

Mundial's **722-PR** is part of the **Professional Premium** collection, in which Mundial presents high quality cuticle nippers exclusively designed for the best performance available in the market. Its anatomic textured handles are made for easy handling thus allowing more comfort and a precise cut. Manufactured in high quality stainless steel, it is fully sterilised and provides an extended life span because it can be sharpened more regularly. Our nippers, throughout the years, have become a benchmark for manicures around the world and that is the very reason it is one of Mundial's very best sales items.
